What this proposal includes

- A 30-day posting plan built for premium salon growth.
- A visual grid direction that works on mobile first.
- Short caption logic designed for easier scanning.
- Booking-focused content themes tied to Patna search intent.

1. Strategy Summary

Positioning

Premium, editorial, local, and expert-led.

Pillars

Transformations, education, authority, lifestyle, offers.

Format Mix

Reels 16-18, carousels 6-8, statics 4-6, stories daily.

Visual Direction

Warm black, ivory, champagne gold, beige, and soft brown.

2. 30-Day Content Plan

Days 1-7

Hero bridal transformation, hair care carousel, ambience post, party makeup reel, client review, service explainer, BTS stories.

Days 8-14

Bridal skin prep, keratin myths, haircut education, team spotlight, hair spa reel, audience Q&A, party vs bridal.

Days 15-21

Testimonial reel, before/after collage, bridal look of the week, package breakdown, men's grooming, limited offer, glossy hair.

Days 22-30

Why clients trust H2O, top services carousel, bridal BTS, quote post, celebrity-style makeover, FAQs, recap reel.

3. Grid System and Next Steps

- 1 Use a 9-post rhythm: transformation, education, ambience, transformation, testimonial, explainer, transformation, trust, CTA.

- 2 Keep contact info on selected conversion posts only.

- 3 Use Patna geotags and keywords in every caption.

- 4 Reduce repeated template graphics and make more space for faces and finishes.

- 5 Track DMs, saves, shares, and call clicks weekly.

Recommended next step

Turn this into a Canva-ready monthly content system and produce the first 9-post batch with matching captions and cover text.
