● SAMPLE BOOKING MESSAGES — WHAT WE OPTIMIZE FOR

@priya_kapoor.delhi: "Kahan hai ye salon? GK-2? Shaadi se pehle hydrafacial book karni hai! 🙏 ✨ "

@nehaa.mumbai: "Price list bhejo na! Ye ASMR head wash steam halo toh next level hai 🙏 "

@ria.bandra: "Nail gel art Thursday ko available hai kya? Kitna wait hoga? DM karo 🙏 "

Reels can keep bringing discovery after posting. Meta ads stop when spend stops; good salon reels continue getting saved, shared, and reopened.

■ INFRASTRUCTURE TRUST

WE MAKE SURE CREATORS ACTUALLY POST.

× WHY INDIAN SALON CAMPAIGNS FAIL

- × **Wrong creator location:** A creator can get views in another city and still bring zero local bookings.
- × **No geotargeting:** Views come from Rajasthan, not the women living 2km from your Bandra salon.
- × **No ROI tracking:** The treatment is given, the post goes live, but nobody tracks booking inquiries.
- × **Creators ghost:** Some creators take the service and never post without a controlled workflow.
- × **Wrong season timing:** Laser reels in December miss the summer booking window. Shaadi content in March is too late.

■ REALISTIC PILOT EXPECTATIONS

WHAT ONE LOCAL REEL CAN REALISTICALLY CREATE.

We do not promise fake virality. We optimize for local reach, qualified WhatsApp inquiries, and bookable salon services during strong beauty windows.

5K-80K

local reach depending on creator fit, service visual, and season.

3-15

WhatsApp inquiries from women asking price, slots, or treatment details.

1-8

realistic bookings from one strong local reel when the offer is clear.

5/CITY

partner salons onboarded per city to avoid creator overlap.

BEST FIT

Premium salons
Bridal studios
Nail bars
Hydrafacial clinics
Scalp therapy salons

NOT IDEAL FOR

Budget haircut shops
Walk-in-only salons
No Instagram presence
No weekday slots
No approval process

MOST IMPORTANT VARIABLE: the service must look visually satisfying on camera. Transformations, ASMR, bridal, nails, skin, and hair perform best.
